

OUR TWO CENTS' FOR THE PERFECT EVENT

- **Have your food catered.** Such a time-saver and much easier for you! In our experience, light sandwiches, a side, spring green salad, and fruit is the perfect meal. Overall, "small plate" choices work beautifully. Oh, cupcakes or donuts > cake.
- **Yay! No decorating!** Your guests will be amazed by our venue just the way it is, trust us. Bring a banner if you fancy, some favors, a picture or two and call..it..a..day!
- **Beware of the stilettos!** Heels are not recommended. Tell your guests.
- **Put an end-time on your invite.** This is helpful to you, your guests and us!
- **Consider a display shower/event!** We absolutely love this. Send your guests a gift tag with their invite. They will attach the tag vs wrapping the gift. Designate someone to organize the gifts as they come in for all to see! This method gives you more time with the people you love. You can still acknowledge and thank everyone!
- **Things to bring:** ice, your favorite coffee or tea if you want to serve it, to-go containers for leftovers.
- **Things not to bring:** linens; our tables are adorable. Plastic cups or plates (unless you plan to take it home). We are very environmentally conscious. Eliminating the use of plastic is our commitment.
- **We're here to help.** You don't need the masses to help you setup. Just bring a few good eggs.
- **Parking** is free, in front and close to our property and directed by our attendant. Parking is not permitted in front of a residential home. There are plenty of other spots available.
