

A HELPFUL GUIDE

and a few tips, too...

the tips..

Having your food dropped off or served by a caterer makes for a stress-free event! If you'd like to bring some of your own food as well, please make sure everything comes in ready to display.

We have a true commitment to sustainability! Eliminating the waste of plastic is our goal. If you plan to bring in plastic serving trays etc, plan to take them home with you.

For Showers: have you ever considered a display shower? Include a gift tag with the invite and the gift comes unwrapped. More time to party and less paper!

Kindly put an end time on your invite. If your block is from 10a-2:30p, cleanup will start at 1:30p.

Speaking of invites, tell your guests to be on the lookout for our parking attendant as they drive down Reynolds Street.

Our venue is so charming! A few personal touches are all you need.

on hand..

- white square plates
- dessert/app plates
- silverware and napkins
- cups and glasses
